SKILLS

💻 Tools,Engine,IDE,OS

Automation Anywhere | Blue Prism | Visual Studio
Unity | Unreal | Blender | GIMP | LaTeX | Linux
Windows | MS Office | Docker | Kuberentes

🔲 Development Skills

C | C++ | C# | Python3 | Go | Java | SQL | HTML
CSS | JS | PHP | Bootstrap | Git | Bash

🎖 Interpersonal Skills

Articulacy | Assertiveness | Reliability

🔠 Linguistic Skills

English | Japanese | Bengali | Hindi

ACTIVITIES

🎯 Participations

INeuron **Tech-A-Thon** | Google **Hashcode** 2022

👥 Workshops & Trainings

- Attended workshops on **Leadership** by the Department of Soft Skills LPU.
- Attended **Unreal Engine** Trainings from GreenRain.io
- Attended **DevOps** Winter Training from CipherSchool

📖 Hobbies

Learning Foreign Languages | Chess | Blender | Anime

EDUCATION

(B.Tech Hons.) Computer Science & Engineering
Lovely Professional University
📅 Aug 2020 – June 2024 ✒ CGPA: 8.34

Higher Secondary Education
Kalyani University Experimental High School
📅 2012 – 2014 ✒ Percentage = 74%

Secondary Education
Kalyani University Experimental High School
📅 2007 – 2012 ✒ Percentage = 84%

WORK EXPERIENCE

OPPO (Mar'23)
Game Curator (Intern)
Reviewing and analyzing various games to provide insightful feedback & recommendations to gamers.

Athian Games (Mar'23)
Game Developer (Intern)
Working on Unreal, shaders and various assets.

PROJECTS

🎮 CrazyBall Maze, Flappy Eagle Scenic (Aug'22)

- Simple & visually appealing **Hyper-casual** android games for all ages. Can make your pastimes ecstatic.
- **Optimized & fixed bugs** with each iterative update from user feedback. Currently **rated 5.0 on playstore**.
- Tech Stack : **C#, Unity, Plastic SCM**

🐍 Casper (May'22)

- A Beverage ordering **chatbot** with voice support created as a team.
- It was trained based on a model that makes use of concepts like **Bag of words, Tokenization, Neural Network** etc. It has around **75% accuracy**.
- Tech Stack : **Python,PyTorch, Neural Network,Git**

ACHIEVEMENTS

- Solved **350+ Coding problems** on various platforms.
- **5 Star** Rating in Python, **4 Star** in C,CPP & Java on HackerRank.

CERTIFICATES

HTML,PHP,SQL,Python,Go,Java
SoloLearn (May'16 - Present)

Natural Language Processing (Specialization)
DeepLearning.AI (Feb'23)

Data Structures & Algorithms - Self Paced
GeeksForGeeks (Jul'22)

Japanese-Language Proficiency Test N5
The Japan Foundation (Aug'19)
